

REMARKS

Applicants appreciate the examiner's time, consideration and constructive suggestions from today's February 12, 2009 interview of the above application in which the corresponding amendments are introduced. As suggested claims 31 and 34 have been amended to include the term storage, thus reciting computer readable storage medium storing computer executable instructions; thus distinguishing from communications media. Also, as suggested by the examiner, the remaining method claims have been reviewed and amended to recite using a computer readable storage medium storing computer executable acts accordingly. Applicants' amendments of claims 31-34 and 37 as set forth are presented according to suggestions discussed and patentably define over the prior art, placing the claims in condition for allowance.

If the Examiner would like to discuss Applicant's invention prior to issuing a further action, the Examiner should feel free to contact the undersigned attorney.

In view of the foregoing, Applicants request consideration of and respectfully requests allowance of pending claims 15, 17-34 and 37.

Respectfully submitted,

/perry hoffman/
